May 4, 1934

To the Members of the Church Council  
German United Evangelical Church

Gentlemen:

May I express my sincere and heartfelt thanks to all of you through these few lines for the beautiful flowers which you so thoughtfully sent to my husband at the time of his death. Could he but have seen their beauty he would have loved them for he loved flowers. As it is, your kindness and thoughtfulness at a time when kindness and thoughtfulness mean so much brought a quiet joy and peace to my heart for you were remembering one who meant so much to me.

Thank you again. My late husband loved his church and tried to serve it to the best of his ability. I thank you very sincerely, too, for your kindness to both of us during the time when he was too weak and ill to work. He appreciated that very much and I shall never forget it.

Cordially yours,  
Anna Missel
