

service with sincere gratitude. We also wish to acknowledge our appreciation of the services of our pastor, Mr. Ernst Press, who ably assisted us in our services at the Hospitals. To all those who helped in packing the baggage to all those who visited with us at the Hospitals, we give a hearty "Thank you!"

We feel sure that all who had any part whatever in our visit to City hospitals this year feel well repaid because of the joy and happiness brought to those who have so little of this world's goods and who are made so happy with so little.

All bills, which have been paid, are being turned over to the Financial Secretary with this report.

Respectfully submitted,

THE COMMITTEE

Barbara Sahlman
