Dear Reverend Lehman:

We just want to let you know how grateful we are to you for arranging to allow us to use your fine facilities last week in connection with the Exchange Club Little League awards party.

Everything was in fine shape and the ease with which the program was conducted may be attributed to the excellent facilities made available to us.

Would you be good enough also to express my sincere thanks to your people who did such a marvelous job in serving the refreshments? It was hard to believe that such a large group could be served so quickly and so efficiently. Nevertheless they did it beautifully. All of this adds up to a memorable evening for such a large number of boys and their parents.

With best wishes and many thanks, I remain,

Respectfully yours,

Michael F. Kelley
