Board of Trustees
United Evangelical & Reformed Church
East Avon & Dillon
Baltimore, Maryland

Gentlemen:

In the near future we will have crews repairing the stained glass windows at some of the churches in your area. If the windows of your church are in need of repair, send us a card or letter, and we will have a representative call to estimate your job. There is no charge for this estimate.

Everyone knows that a piece of glass should be replaced if it is broken or shattered. However, in stained glass windows there are many other repairs that are often needed. The following are a few of the things to look for in determining whether your windows need attention:

1. Are the windows bulged in, or out? If so, they should be straightened and braced properly.
2. Is the glass loose in the lead? If this condition exists, they should be re-cemented.
3. Is the lead rotten or broken away at the joints? Then releading is necessary.

WE CARRY PUBLIC LIABILITY, PROPERTY DAMAGE, AND WORKMEN'S COMPENSATION INSURANCE FOR YOUR PROTECTION AS WELL AS OUR OWN.

There is no job too large or too complicated for us to handle. We also make new windows.

Very truly yours,

HAUSER ART GLASS CO.

Gentlemen:

In the near future we will have crews repairing the stained glass
Replying to your letter of December 15th, we would like to have
your representative call to give us an estimate in regards to repairing
the stained glass windows in our Church.

Kindly have your representative call us (Broadway 0621 - Rev.
Lehmann) a day prior to his coming so that someone may be there to talk
with him.

Everyone knows that a piece of glass is damaged if it
is broken or shattered. However, in UNITED EVANGELICAL CHURCH there are many
other repairs that are often needed. *J. Edwin Myers* of the things
to look for in determining whether or not you need attention:

Jon

1. Are the windows bulged in, or out? If so, they should be
straightened and braced properly.
2. Is the glass loose in the lead? If this condition exists,
they should be re-cemented.
