Dear Sir:

Please cancel our contract with you to service the Organ at the United Evangelical Church, East Ave & Dillon Street, Baltimore 24, Maryland. This is not being done because of any reflection on your work or service to the organ, but due to rebuilding and repairing it is not necessary to continue to carry a service which is not needed. We thank you for the care you have taken of the organ while holding the contract.

Yours Truly

Ernest W. Jones
