Dear Councilman Staszak:

The Council Board of the United Evangelical Church wishes to extend its sincere appreciation and heartfelt thanks for your successful efforts in having a bill passed by the City Council allowing us the privilege of extending our new church building over the City's line.

This matter was brought to the Council Board's attention by Mr. Fred Gross, it's President, at our first council meeting this fall.

Wishing you every success in your present endeavors and continued success in your political ventures, I remain,

Yours truly,

(William Bark, Jr. - Recording Secretary)
